

## Systems

In an ever-changing business environment driven by information technology, we have placed considerable emphasis on the implementation of our systems.

**Using the latest technology we are in the enviable position to offer:-**

- Complete customer/supplier database
- Full stock rotation and control
- Audit trail, giving you the ability to know the whereabouts of your brands
- Immediate product recall facilities if required
- Website access
- Personal email links, or enquire through: [enq@kansandkandy.co.uk](mailto:enq@kansandkandy.co.uk)

Please contact us to discuss secure online product tracking and tailor made solutions.

Our extensive investment and commitment to brand protection allows manufacturers to track the whereabouts of any product sold to Kans and Kandy at any time: The image below shows the flow of products.
